TITLE OF STUDY: *Pluralistic ignorance in student-athlete's perceptions of academic achievement.*

DATE OF STUDY: *July 6th, 2011 to June 1st, 2012*

INVESTIGATOR: *Josh Levine*

The following informed consent is required by Princeton University for any person involved in a University-sponsored research study. This study has been approved by the University's Institutional Review Board for Human Subjects. The information given will be kept confidential and protected to the fullest extent allowable by law.

I hereby give my consent for my child/ward to be the subject of your research. You have given me an explanation of the procedures to be followed in the project and you will be willing to answer any inquiries I may have.

This study aims to determine the perceptions of academic achievement by student-athletes. To complete this study, anonymous GPA and demographic information will be collected.

I understand that:

- My child's participation in this study may be discontinued at any time he or she wishes to withdraw. His/her refusal to participate will not result in any penalty.
- By signing this agreement I do not waive any legal rights or release Princeton University, its agents, or you from liability for negligence.
